INTERNSHIP & PROJECT EXPERIENCE

Data Analytics Trainee Internship — Datamites, Coimbatore *2026*

- **Automobile Insurance Complaints Analysis:** Developed an interactive Power BI dashboard to analyze insurance complaints, company performance, premium trends, and complaint ratios, providing insights for better customer service and decision-making.
- **Startup Profitability Analysis:** Created a Power BI dashboard to analyze R&D, administration, and marketing expenses across three states, compare startup profitability, and identify opportunities for cost optimization.
- **Hospital Management SQL Project:** Performed hospital data analysis using MySQL by applying joins, subqueries, aggregate functions, filtering, grouping, and sorting to analyze patient records, admissions, diagnoses, and doctor information.

Academic Research Project – Data Analytics *KPR College | 2026*

- Conducted field research and survey analysis of 50+ SME traders in Coimbatore, created 15+ Excel dashboards and pivot tables to identify business trends, and provided data-driven recommendations to support better business decisions.

Amazon Sales Analysis Dashboard *Power BI Project*

- Developed an interactive Power BI dashboard to analyze sales, profit, order count, quantity sold, and average order value across regions, states, products, and categories, identifying sales trends and opportunities to improve business performance and profitability.

CERTIFICATIONS & TRAINING

- Data Analytics Certification Course — Datamites, Coimbatore (2026)
